Help coach at Grindstone

Mat Rats and Valkyries • Westminster Area Recreation Council

Help our wrestlers learn, build confidence and enjoy being part of a team. We welcome conversations with parents who want to help.

Helping younger beginners

Patience and working well with young children matter more than a long wrestling résumé.

New to wrestling? Ask about assisting these groups under the coaching team's direction. You can contribute by explaining simply, encouraging effort and helping children follow instructions.

Coaching older and advanced wrestlers

These groups need experienced coaches leading technical instruction. If you have the wrestling knowledge to teach and refine technique and help prepare wrestlers for competition, we would like to hear from you.

What every volunteer brings

Be dependable, stay patient and support every wrestler. Listen to the coaching team and help children learn from both progress and setbacks.

Start with a conversation

Tell us about your experience with children, any wrestling or coaching background, and when you are available. Discuss the role, expected commitment and preparation with the club before deciding.

Before you coach

Complete club registration and county volunteer requirements, including annual adult background screening and training review. Ask the club which USA Wrestling credentials, if any, your role or events require.
